The Gospel:

God is perfectly holy and just, yet we've sinned against Him, deserving His eternal judgment. Because we can't save ourselves, God graciously sent Jesus Christ—fully God and fully man—who lived a sinless life and died in our place, taking the punishment, we deserved. Rising from the grave, Jesus conquered sin and death, offering forgiveness and eternal life to all who trust Him. Salvation is entirely a gift of grace; through faith in Christ, we become new creations. As believers, we now live each day following Jesus, loving others as He loved us, and eagerly awaiting eternity with Him.
