1. Show God's Wisdom, Not the World's

James 3:13-18

2. Imitate God's Selfless Love to One Another

Eph 4:31-5:2

3. Build the Body Through Love

Eph 4:15-16

Questions for discussion with parents:

1. Where do you see me choosing God's wisdom over worldly wisdom in everyday situations, and where do you see the opposite?
2. How would you encourage me to do a better job of practically building the body (church) up in love? (This may show up in formal ministries, but more likely involves the home)
3. I need to keep remembering Jesus' selfless love for me. What patterns of life can you help me develop to help me do better at this?
4. What signs (James 3:17) show you're walking in God's wisdom, and what signs show you're drifting toward worldly wisdom?
5. Consider the interactions during this camp in light of the passages we studied. Assess what this reveals is going on in your heart. What changes (if any) are necessary?

6. What's one specific way you can imitate Christ's self-giving love toward someone this week? When you miss opportunities to love like Christ, what is going on?

7. What will happen in the church when we love? What happens when we don't?
